

# The Damage Report

## Alabama is one of the most at-risk states for hurricanes.

Since 2000, hurricanes in Alabama have caused nearly \$50 billion in damages. To help Alabama homeowners and businesses financially prepare for impending disaster recovery costs, we've created *The Damage Report*.

### Our Assessment

Based on this data, it's recommended that Alabamians, perhaps more than residents of other states, add supplemental disaster insurance to their current homeowners or renters policy. Recoop Disaster Insurance pays an express cash benefit to cover the costs typical insurance doesn't, like storm-damage deductibles, certain home repair costs, relocation/lodging expenses and more. There are no deductibles and no restrictions on how homeowners can use their cash.

**Recommended Cash Benefit**  
**\$5,000 - \$25,000**

**Estimated Monthly Premium for a \$10,000 Policy:**

**As low as \$40**
